

Internship/Training

Capgemini – .NET Developer Training | India

Dec 2025 – Present

- Undergoing structured training in C# and .NET development, focusing on backend logic, RESTful Web APIs, object-oriented programming principles, and enterprise application development practices

Board Infinity – Data Analysis Training | India

Jun 2024 – Jul 2024

- Completed hands-on training in data analysis using Python and R, performing data cleaning, exploratory data analysis, feature preparation, and data visualization on real-world business datasets

Projects

Telecom Customer Churn Analysis | Python, Scikit-Learn, NumPy

Feb 2025 – May 2025

- Analyzed customer behaviour data using statistical methods to identify churn patterns, predict retention risks
- Performed exploratory data analysis and created visualizations to uncover usage patterns and trends
- Delivered actionable insights and data-driven recommendations to support customer retention strategies and improve marketing effectiveness

Exploratory Data Analysis on BigBasket Dataset | Pandas, Matplotlib, Seaborn Feb 2025 – May 2025

- Analyzed pricing strategies, discount patterns, and product category trends to identify revenue optimization opportunities and key business drivers
- Cleaned and pre-processed datasets using Python and Pandas, handled missing values, performed data transformation, and prepared data for analysis
- Visualized high-impact business insights using Matplotlib and Seaborn to communicate findings and support category-level and strategic decision-making

SQL Data Warehouse | Excel, SQL Server, ETL

Sep 2024 – Dec 2024

- Built ETL pipelines to integrate multiple CSV data sources into a SQL Server warehouse for structured analysis and reporting
- Designed fact and dimension tables using star schema architecture to optimize query performance for reporting
- Enabled structured data analysis and reporting for sales performance metrics and customer analytics

Tableau HR & Sales KPI Dashboards | Tableau, GitHub, Excel

Feb 2024 – Mar 2024

- Designed interactive dashboards based on stakeholder requirements to track HR and sales performance
- Created dynamic KPIs, calculated fields, advanced filters, and drill-down visualizations for detailed analysis
- Improved data accessibility and decision-making capabilities by visual analytics and self-service reporting

Certificates

R programming for Data Analytics | Board Infinity

Jul 2024

Hands-On PyTorch Machine Learning | LinkedIn Learning

Feb 2023

Technical Skills

Languages Python, R, C#, HTML, CSS

Technologies/Frameworks: Tableau, Power BI, Excel, MySQL, SQL Server, Git, GitHub, R Studio, ETL Tools

Data Skills: Predictive Modeling, Statistical Analysis, Data Cleaning & Transformation, Exploratory Data Analysis, Data Visualization, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

Soft Skills: Problem-Solving, Communication, Business Communication, Analytical Thinking, Collaboration

Education

Lovely Professional University, Punjab

2022 – Present

Computer Science and Engineering — CGPA: 7.92

Jalandhar, Punjab

Narayana Junior College

2020 – 2022

Intermediate with Science — Percentage: 91.8%

Ongole, Andhra Pradesh

Kerala High School

2019 – 2020

Matriculation with Science — Percentage: 99.7%

Ongole, Andhra Pradesh
