

## Internship/Training

### Capgemini – .NET Developer Training | India

**Dec 2025 – Present**

- Undergoing structured training in C# and .NET development, focusing on backend logic, RESTful Web APIs, object-oriented programming principles, and enterprise application development practices

### Board Infinity – Data Analysis Training | India

**Jun 2024 – Jul 2024**

- Completed hands-on training in data analysis using Python and R, performing data cleaning, exploratory data analysis, feature preparation, and data visualization on real-world business datasets

## Projects

### AI Resume Analyzer | Python, ChatGPT API, REST APIs, JSON Handling, Automation Workflows

**Feb 2026 – Mar 2026**

- Built an AI-powered resume analysis tool using Python and ChatGPT API to automate evaluation and deliver meaningful insights for users
- Crafted optimized prompts to generate structured outputs including strengths, weaknesses, and scoring in a consistent JSON format
- Orchestrated an end-to-end automation workflow covering input processing, API interaction, and structured output generation

### CreditIQ—Credit Risk Intelligence Platform | FastAPI, XGBoost, FinBERT, PyTorch, Streamlit

**Dec 2026 – Feb 2026**

- Engineered 253 features from 307,511 loan applications across 7 datasets and trained an XGBoost classifier using Optuna, achieving ROC-AUC 0.7875 with SHAP explainability
- Fine-tuned FinBERT for financial sentiment analysis (98.45% F1) and built a PyTorch LSTM with attention mechanism for 12-month default probability forecasting
- Deployed a 4-model calibrated ensemble as a FastAPI REST API with JWT auth, Streamlit dashboard, GitHub Actions CI/CD, and Docker — live at creditiq-api.onrender.com

### SQL Data Warehouse | SQL Server, ETL Pipelines, Data Modeling (Star Schema), Data Integration

**Aug 2024 – Oct 2024**

- Engineered automated ETL pipelines to extract, transform, and load data from multiple sources into a centralized SQL warehouse
- Architected scalable data workflows using star schema design to enhance query performance and reporting efficiency
- Facilitated structured data processing and automated reporting pipelines to deliver reliable business insights and analytics

## Certifications

### R programming for Data Analytics | Board Infinity

**Jul 2024**

### Hands-On PyTorch Machine Learning | LinkedIn Learning

**Feb 2023**

## Technical Skills

**Languages & Libraries:** Python, R, C#, HTML, CSS, Pandas, NumPy, Scikit-learn, PyTorch, HuggingFace Transformers, XGBoost, Matplotlib, Seaborn, Plotly, Streamlit, FastAPI, BeautifulSoup

**ML & AI:** Predictive Modeling, Feature Engineering, BERT Fine-tuning, NLP, Sentiment Analysis, SHAP, Optuna, SMOTE, Prompt Engineering (ChatGPT, Claude, Gemini), Web Scraping, API Integration

**Data & Databases:** EDA, Statistical Analysis, Data Cleaning & Transformation, Tableau, Power BI, Excel, SQL Server, MySQL, SQLAlchemy, Redis, REST APIs, JSON

**Tools & Deployment:** Git, GitHub, Docker, FastAPI, Render, GitHub Actions CI/CD, MLflow, Jupyter, VS Code, R Studio

**Soft Skills:** Problem-Solving, Analytical Thinking, Communication, Collaboration, Adaptability

## Education

### Lovely Professional University, Punjab

**2022 – Present**

Computer Science and Engineering — CGPA: 7.92

Jalandhar, Punjab

### Narayana Junior College

**2020 – 2022**

Intermediate with Science — Percentage: 91.8%

Ongole, Andhra Pradesh

### Kerala High School

**2019 – 2020**

Matriculation with Science — Percentage: 99.7%

Ongole, Andhra Pradesh
